*Made4Me, Inc. is a nonprofit organization dedicated to building custom adaptations for children with unique physical, sensory and or other learning needs. We are requesting your permission to take photographs and a short video of your child using adaptive equipment made by Made4Me, Inc. to help other parents see how we help. Photographs and video documentation are our most effective way of demonstrating how specific equipment helps children actively participate in home, school and community life. Through our media materials, we aim to engage a wider awareness of the needs that we address and to garner much needed support. Please do not hesitate to contact us to share ideas, request a piece of equipment or take a class.*
